MND/02/Dairy/ Cattle Feed /2012-13

Dt. - 20.04.2013

To,
Mr. Bakshi,
Managing Director,
Mehsana District Co-op Milk Union Ltd, Mehsana (Gujarat)

Sub: - Request for Supply of cattle feed to cattle camps in drought affected areas

Dear Sir,

Maharashtra Rajya Sahakari Duddh Mahasangh Maryadit is an apex body of Milk Unions in Maharashtra State. I hope, you might be aware about Maharashtra State is badly affected by drought. At around 7,753 villages of 15 districts are declared drought affected, among which 9 districts are severely affected namely Ahemadnagar, Usmanabad, Pune, Sangli, Satara, Solapur, Beed, Jalna & Aurangabad. Obviously, the milk production has gone down considerably.

To meet the present situation, the State Government has started cattle camps in the affected areas, where approximately 7.54 lakhs animals are admitted as on today & likely to increase by 20% in forthcoming two months. At present Sugarcane and green fodders is the main fodder which is insufficient to take care of balance diet ultimately resulting into malnutrition. So it is considered to provide balanced feed.

In order to overcome this situation Govt. of Maharashtra has already provided subsidy by which only 3 days can be fed so it is estimated 4 Kg additional feed may be supplied per week. In view of present scenario, we will be highly obliged if 4 Kg of cattle feed per animal / week is supplied for 2 months i.e. May & June 2013. As per statistics available 1875 MT feed is required per week, totaling it to 15000 MT for 2 months. Details of number of cattle camp in respective district & number of animals is attached herewith.

Looking forward to your positive response to help in social cause.

Thanking You,

Yours Sincerely,

Sub: - Request for Supply of cattle feed to cattle camps in drought affected areas in Maharashtra State.

Dear Sir,

Maharashtra Rajya Sahakari Duddh Mahasangh Maryadit is an apex body of Milk Unions in Maharashtra State. I hope, you might be aware about Maharashtra State is badly affected by drought. At around 7,753 villages of 16 districts are declared drought affected, among which 9 districts are severely affected namely Ahmednagar, Usmanabad, Pune, Sangli, Satara, Solapur, Beed, Jalna & Aurangabad. Obviously, the milk production has gone down considerably.

To meet the present situation, the State Government has started cattle camps in the affected areas, where approximately 8 lakhs animals are admitted as on today & likely to increase by 20 to 25 % in forthcoming two months. At present sugarcane and dry fodder is the main fodder available which is insufficient to take care of balanced diet ultimately resulting into malnutrition. So it is considered to provide balanced feed.

In order to overcome this situation Govt. of Maharashtra has already provided subsidy i.e. Rs.60 for large animal & Rs.30 for small animal. (15kg fodder / animal/day & also 1Kg cattle feed / animal / day for 3 days in a week) Since this is not sufficient, 4 Kg of additional feed is required to be provided per week. In this regards, a meeting was held on 22/4/2013 under chairmanship of Hon'ble Union Minister for Agriculture Shri. Sharad Pawar, wherein it was agreed to supply 22500 MT of cattle feed to 7 drought affected districts.
